Medical Policy Title	SKILLED NURSING FACILITY CARE FOR MEDICARE ADVANTAGE MEMBERS
Policy Number	11.01.21
Category	Contract Clarification
Effective Date	12/07/06
Revised Date	12/13/07, 02/26/09, 02/25/10, 02/24/11, 02/27/12, 02/28/13, 02/27/14, 02/26/15, 02/25/16, 04/27/17, 04/26/18, 02/28/19, 02/27/20
Product Disclaimer	<ul style="list-style-type: none"> • If a product excludes coverage for a service, it is not covered, and medical policy criteria do not apply. • If a commercial product (including an Essential Plan product) or a Medicaid product covers a specific service, medical policy criteria apply to the benefit. • If a Medicare product covers a specific service, and there is no national or local Medicare coverage decision for the service, medical policy criteria apply to the benefit.

POLICY STATEMENT

- I. Services rendered in a skilled nursing facility (SNF) are considered **medically appropriate** when **ALL** of the following criteria are met:
 - A. The patient requires skilled nursing or rehabilitation services that:
 1. must be performed by or under the supervision of professional or technical personnel; and
 2. are ordered by the patient's physician; and
 - B. The patient requires skilled services on a daily basis (needed and received a minimum of five days per week); and
 - C. Considering economy and efficiency, the daily skilled services can be provided only on an inpatient basis in a SNF; and
 - D. The services must be reasonable and necessary for the treatment of a patient's illness or injury; and
 - E. The services are reasonable in terms of duration and quantity.
- II. Care that is strictly custodial in nature is considered **not medically necessary**.
- III. When medically necessary skilled services are required for the medically appropriate care of a patient that can be rendered in a non-acute care setting (e.g., skilled nursing facility), the services will be approved for that level of care, based on the criteria in Policy Statement I above, without requiring a prior three-day acute care hospital admission.

The patient's clinical situation and needs will be assessed by the evaluating provider and relayed to the Health Plan Utilization Management staff.

Refer to Corporate Medical Policy #11.01.11 Comfort, Convenience, Custodial and Cosmetic Care.

POLICY GUIDELINES

- I. Medicare guidelines are utilized for coverage determination (skilled need identification) and admission criteria, except as noted in Policy Statement III above.
- II. Treatment must be reasonable and necessary based upon the patient's clinical status, as determined by the Minimum Data Set (MDS) assessment.
- III. Services may be approved based upon the Medicare-defined Resource Utilization Group (RUG) category expectations.

Medical Policy: SKILLED NURSING FACILITY CARE FOR MEDICARE ADVANTAGE MEMBERS

Policy Number: 11.01.21

Page: 2 of 3

DESCRIPTION

Skilled nursing facility care is a level of care in a SNF ordered by a doctor that must be given or supervised by licensed health care professionals. It may be skilled nursing care, or skilled rehabilitation services, or both. Skilled nursing care includes services that require the skills of a licensed nurse to perform or supervise. Skilled rehabilitation services include physical therapy, speech therapy, and occupational therapy.

The Centers for Medicare and Medicaid Services (CMS) requires a three-day inpatient hospital stay before a Medicare beneficiary qualifies for skilled nursing facility benefits. *Refer to the CMS section at the end of this policy for further information.*

The Health Plan considers direct admission to an appropriate level of care facility (e.g., SNF) as desirable for patients presenting to either a physician office or emergency room for whom it would be considered unsafe to return to their place of residence, but who do not meet criteria for admission to an acute care hospital inpatient setting; when the criteria for coverage of the admission to the facility is met.

CODES

- *Eligibility for reimbursement is based upon the benefits set forth in the member's subscriber contract.*
- *CODES MAY NOT BE COVERED UNDER ALL CIRCUMSTANCES. PLEASE READ THE POLICY AND GUIDELINES STATEMENTS CAREFULLY.*
- *Codes may not be all inclusive as the AMA and CMS code updates may occur more frequently than policy updates.*

KEY WORDS

Direct admission to non-acute care facilities; Skilled Nursing Facility (SNF) care.

CMS COVERAGE FOR MEDICARE PRODUCT MEMBERS

Based upon review, Skilled Nursing Facility Care is not addressed in a National or Local Medicare coverage determination or policy. However, Skilled Nursing Facility Level of Care is addressed in the chapter addressing Coverage of Extended Care (SNF) Services under Hospital Insurance in the Medicare Benefit Policy Manual, Chapter 8, Section 30 (Rev. 261; Issued: 10-04-19).
