**UTILIZATION MANAGEMENT STANDARD
CLINICAL REVIEW PREAUTHORIZATION LIST**

The following services require clinical review preauthorization for commercial managed products, Essential Plan, Medicare, Medicaid and Child Health Plus and certain PPO products.

Please review the column that applies to the member's specific health benefit program regardless of place of service.

IMPORTANT

This list represents those services that require preauthorization with a clinical medical necessity review. It is NOT inclusive of all insurance products and procedures requiring preauthorization. There may be services which require preauthorization / notification that do not require clinical review. Please verify specific coverage requirements before rendering service. These services require preauthorization regardless of place of service.

To initiate preauthorization requests please follow the below service contact information:

This list is not inclusive of all insurance products and procedures requiring preauthorization. Please verify specific coverage requirements before rendering service. Some services, including behavioral health and substance abuse, are not covered benefits under Healthy New York HMO.

Some member contracts may have other restrictions. Not all contracts include all benefits. Payment is based on member contract benefits, eligibility and medical necessity at the time of service. The provider delivering the service is responsible for ensuring that the required Pre-authorization has been obtained and contract is active at time of service. Claims will process according to the member's benefit plan on the date of service. Failure to obtain the necessary preauthorization may result in the denial of the claim or reduced payment allowance.
