This list is not inclusive of all insurance products and procedures requiring preauthorization. Please verify specific coverage requirements before rendering service. Eligibility can be confirmed via Univera Customer Care or eviCore.com for all services reviewed via eviCore healthcare.

Some member contracts may have other restrictions. Not all contracts include all benefits. Payment is based on member contract benefits, eligibility and medical necessity at the time of service. The provider delivering the service is responsible for ensuring that the required Pre-authorization has been obtained and contract is active at time of service. Claims will process according to the member's benefit plan on the date of service. Failure to obtain the necessary preauthorization may result in the denial of the claim or reduced payment allowance.

****Excluded** does not determine prior authorization requirements via the Health plan. All requirements for these codes have been removed from eviCore prior authorization only.
